

Pike County Schools Portrait of a Graduate

Right click hyperlinks to open in a new tab.

Definition/Purpose

Our Portrait of a Graduate (PoG) includes five competencies considered essential for a student's success in college, career, and life overall. Developing graduates who are proficient in these competencies fulfills our purpose or our "why" for what we do every day. We believe that "freedom lives in choice and opportunities."

Visit our web [page](#) to learn more about each competency.
