Triennial Assessment Tool

Every three years or more often if the district desires, the district must conduct an assessment of the wellness policy that is made available to the public. The evaluation must address:

- Compliance with the district policy
- The extent to which the local wellness policy compares to the Model Wellness Policy
- Progress made in attaining the goals of the wellness policy

The first triennial assessment should be completed by June 30, 2023, or earlier. The second triennial assessment is due 3 years from the completion of the first triennial assessment. Districts are required to make the Local Wellness Policy and Triennial Assessment available to the public.

Date of Assessment: 11-11-22	Name of School District: Pike County Schools		Number of Schools in District: 4	
Nutrition Education Goal(s):	Goal Status (select one):	Number of Compliant Schools:	Notes:	
1. The primary goal of nutrition education is to teach the skills that will positively influence students' eating behaviors.	In Progress	0		
2. During the school day, the school system will promote healthy eating habits throughout the school environment as defined by Nutrition Standards for All Food Sold in School by the Healthy, Hunger-Free Kids Act of 2010 (e.g., cafeteria, a la carte, snack bars/school stores, classroom snacks, ASP snacks, vending, non-exempt fundraising).	Partially Completed	3		
3. The school system will promote nutrition education consistent with federal and state laws, standards, and regulations.	Partially Completed	3		
4. 5.	Choose an item. Choose an item.
